General Information

Camps Open April 15th - November 30th

We offer a modern and well established service. Our camps are on the Southwest Miramichi River, 50 miles from the U.S. Border (Houlton, Maine) and 5 miles from the lumbering town of Juniper, New Brunswick.

Main Lodge has Kitchen, Dining Room and Lounge Room equipped with comfortable furnishings. Our five Guest camps accommodate from 2 to 5 people. All have hot and cold running water, showers, basins and flushes.

All camps are electrically lighted and heated by oil and electricity.

Beds are individual type with inner spring mattresses. We specialize in Home Cooking and all meals are served in the Dining Room of the Main Lodge.

Married couples are also accommodated.

We offer you one of the best Hunting and Fishing areas in New Brunswick's vast forest region, through which flows the famous Miramichi River, the Nashwaak River, together with their many tributaries, lakes and marshes. The Saint John River and its tributaries are all readily accessible to our guests.

Vast hunting areas where only Nature abounds, are here for your taking. You can wander at will in all directions from our camps. Many logging roads can be utilized. Cross country hunting over ridges of beech, maple, birch and lower ground areas of spruce, fir and cedar are available. Also numerous abandoned farms with apple orchards and open fields.

To sum it all up, we can offer you variety, together with plenty of "elbow room."

A week's hunting or fishing is from Sunday noon until the following Saturday noon. Hours are from one hour before sunrise until one hour after sunset.

Two week stays can be arranged. References furnished upon request.

Temperature for October averages 30-40 degrees during night and 50-60 degrees during the day. November 20-40 degrees during night and 40-65 degrees by day.

Hunting clothing should include Hunter Orange vest or jacket and woolen pants, 12-in. rubber footwear or waterproof insulated boots. Would also recommend that heavier type of underclothing be included in your gear.

Rifles may be used with either telescope or open sights. Semi-automatics are legal. All firearms must be registered at U.S. Customs before entering Canada. All Hunting dogs must show proof they have had rabie shots within the past six months.

Game is not at all taken at first of season. November is a very good time as weather is cooler and bucks are moving. Generally sufficient snow during November to able tracking game.

Night and Sunday hunting are illegal. No pistols or concealed weapons allowed entry into New Brunswick.

As a visitor to Canada, provided you are twentyone years of age or older, you are allowed to import 40 ozs. of Spirits Duty Free. Spirits may be obtained at the Duty Free Store just prior to leaving the U.S.A. Spirits purchased there tax free thus affording you a considerable saving.

Drinking of liquor not allowed while hunting.

Combine Spring Black Bear Hunting and Trout Fishing

Season: April 15th to June 30th

Limit: Two Bear of Either Sex

Bear License: \$25.00

Trout License: \$15.00

We specialize in Spring Bear Hunting, and use the proven method, Bait Stands. Baits are placed over a vast area in ideal bear country during the winter and early spring. Every hunter has a minimum of at least two baits. Baits are checked regularly and our aim is to place our guests on active baits, thus assuring the utmost success.

If you wish, you may trout fish part of the day. The most productive time for this type of hunting is from late afternoon until dusk.

NOTE: Baits are supplied at no extra cost to you. We also look after preparation of pelts and meat.

OUTPOST CAMPS

We operate Outpost Camps in remote back wooded areas. Guides, food and transportation are provided. Hunters wishing to avail themselves of this facility must supply their own sleeping bags.

Tenting expeditions in remote areas are also one of our specialties.
